

We have 2 positions in the Bellingen Show's 'engine room'. Are you interested?

Bellingen Show's organising committee is seeking 2 people to help co-ordinate in the areas of:

- (1) Sponsorship/Advertising Co-ordination, and
- (2) Co-ordination of the Printed Programs.

Sponsorship Co-ordination includes:

- working as part of a Sub-committee you will co-ordinate sponsorship and advertising for the Bellingen Show. Using an established database, this will include liaising with existing sponsors in the area, as well as making contact with potential new sponsors.

Print Program Co-ordination includes:

- working as part of a Sub-committee, and using an existing template (MS Word), you will update the Show Programs content and co-ordinate the printing of same. This will require liaising with advertisers and with other committee members to gather all the content together (much of which will be generated and supplied to you ready to place in) and to oversee the printing in a timely fashion.

Both roles will be supported with a handover process and ongoing support from the committee.

Much of this activity takes place in the months leading up to the Show in May. However, the process of Sponsorship/Advertising co-ordination will benefit from a greater lead-time.

As with other committee roles, these are on a volunteer basis, and the rewards include:

- working with a friendly, supportive and fun group of people on a part time basis,
- attending the Show weekend for free,
- meeting and creating new friends at regular sessions, and
- having the immense satisfaction of being part of a successful local event that has been engaging competitors and visitors for more than 100 years!

Sounds interesting?
